

Water Use Reduction Program

On March 28, 2022 the Governor issued Executive Order (N-7-22) continuing emergency water use and reductions due to the prolonged drought. Effective May 1, 2022, the City Council approved a resolution implementing a mandatory water use restriction program that limits outside irrigation practices. Due to a lack of snowpack, the City's main water supply, Cold Springs, is producing historically low amounts of water. The City Council enacted the program to ensure adequate water for domestic and fire suppression needs.

We sincerely appreciate your commitment to our community Water Use Reduction Program. Please cut out, post, and follow the water use reduction requirements below.

(Please cut here and post on your refrigerator or other prominent location)

Requirements of the City of Mount Shasta Water Use Reduction Program:

Mount Shasta residents value our natural resources, especially our award winning high quality drinking water.

To learn more water conservation practices please go to <http://saveourwater.com/> Thank you for contributing your efforts to our beloved Mt. Shasta Community and the State of California during this historically difficult drought period.

- Outdoor watering permitted between 8:00 pm to 8:00 am only.
- Outdoor watering with sprinklers is restricted to three (3) days per week.
- Addresses ending in odd numbers may water Monday, Wednesday, and Friday only.
- Addresses ending in even numbers may water Tuesday, Thursday, and Sunday only.
- Watering with sprinklers is limited to:
 - Shower/fixed sprinklers: 15 min/station 3x/week
 - Rotary sprinklers: 30 min/station 3x/week
 - Drip systems: 45 min/station 3x/week
- Watering of vegetable gardens may be augmented by hand watering using hoses with trigger nozzles subject to above day and time requirements.
- Cut grass to maximum height.
- Do not water paved areas and avoid unnecessary overspray.
- For additional information, visit: <https://mtshastaca.gov/public-works/conservation/>
- To report excessive watering in your neighborhood, please call our Police Non-Emergency number at (530) 926-7540
